Nimbus Labs - Hybrid and Remote Work Policy

HR-POL-004, version 2.0, effective 1 April 2026

1. Hybrid working model

Nimbus Labs follows a hybrid model. Employees are expected to work from their assigned office at least 3 days per week, with Tuesday and Wednesday as common team days. Teams may agree on the third day.

2. Fully remote work

Fully remote arrangements require approval from the department head and HR, and are reviewed every 6 months. Employees may work remotely from another city in India for up to 4 weeks per year with manager approval. Working from outside India requires prior approval from HR and Legal because of tax and immigration rules.

3. Home office allowance

Employees receive a one-time home office allowance of INR 15,000 for furniture and accessories, and an internet reimbursement of up to INR 1,500 per month, claimed through the expense portal with receipts.

4. Equipment and security

Company laptops must be used for all work. Do not use public Wi-Fi without the company VPN. Confidential documents must not be printed at home. Lost or stolen devices must be reported to IT Security within 24 hours.

5. Working hours

Core collaboration hours are 11:00 to 16:00 IST. Outside these hours employees can manage their time flexibly, provided they meet their team commitments.
